ABOUT THE EVENT

Join us for Himachal's Largest Incubation Event, a three-day gathering from **14th to 16th February 2025**, bringing together innovators, problem-solvers, and creators from across the nation.

The event will feature exciting competitions with prizes worth **₹2,50,000**, hands-on workshops, and mentorship sessions led by industry experts. Participants will have the opportunity to connect with like-minded individuals, collaborate on groundbreaking ideas, and gain valuable insights into the world of startups and innovation.

This event offers two competitions:

- **Ideathon:**

Pitch your big idea: Unleash your creativity and compete for incubation support.

- **Productathon:**

A 24-hour sprint to develop prototypes - an opportunity for teams to transform their concepts into tangible products, with guidance from industry mentors.

IDEATHON

Fuel Your Vision:

- **Pitch Your Startup Idea** : Showcase your innovative business concept and compete for a chance to win incubation support and a prize pool of **₹80,000**.
- **Refine Your Concept**: Receive expert mentorship to strengthen your idea and prepare for a compelling presentation.
- **Showcase Your Brilliance**: Pitch your refined concept to a panel of judges and compete for top honors.

PRODUCTATHON

Build Your Future:

- **Prototype Your Passion**: Bring your startup idea to life by building a working prototype within a 24-hour timeframe.
- **Collaborate and Innovate**: Work with your team and receive guidance from mentors to overcome challenges and refine your prototype.
- **Pitch Your Success**: Present your final prototype to judges and compete for a cash prize of **₹1,50,000** and incubation.

Vote of thanks

UTTISHTHATI FOUNDATION

The Uttishthati Foundation is a non-profit organization established in September 2023 as section - 8 company under the i-TBI-NEB scheme by department of Science and Technology. Total 7118 sq. ft. area in NITH has been dedicated for innovation, entrepreneurship, and technology-driven solutions by supporting startups and individuals in transforming their ideas into successful ventures. With guidance from a dedicated Board of Directors and Board of Governors, the foundation provides a nurturing environment for budding entrepreneurs and supporting them to bridge the gap between ideation and commercialization.

The foundation primarily focuses on idea incubation, prototype development, and deployment support. It assists innovators in refining their concepts, creating functional prototypes, and implementing market-ready solutions. Through mentoring, resource allocation, and strategic guidance, i-TBI helps startups navigate challenges in product development and business scaling. By providing state of art incubation ecosystem, the Uttishthati Foundation plays a vital role in strengthening the regional entrepreneurial landscape.

TEAM TECHNICAL ACTIVITIES

Team Technical Activities is a dynamic student-driven body responsible for organizing and managing major technical events at NIT Hamirpur. It plays a crucial role in conducting NIMBUS, the institute's annual technical fest, and Innovision, which showcases cutting-edge innovations and projects, fostering discussions on transformative ideas. Beyond event management, Team Technical Activities acts as a central hub for evaluating and shortlisting projects proposed by various departmental clubs, ensuring that promising ideas receive the necessary support and platform for execution.

The team's core functions extend beyond event coordination, as it also focuses on skill development through workshops and training sessions. These workshops aim to equip students with industry-relevant skills, ranging from emerging technologies to hands-on technical applications. By fostering a culture of learning, innovation, and collaboration, Team Technical Activities significantly enhances the technical ecosystem of NIT Hamirpur, empowering students to excel in their respective fields.
