## ABOUT FACULTY OF ENGINEERING & TECHNOLOGY

The Faculty of Engineering and Technology at Poornima University offers a comprehensive range of programs in the field of engineering, including Bachelor of Technology (B.Tech) degrees in Civil Engineering, Mechanical Engineering, and Electrical & Computer Engineering. The faculty also provides opportunities for higher education through Master of Technology (M.Tech) and Ph.D. programs.

The programs offered by the Faculty of Engineering and Technology are designed to provide students with a strong foundation in their chosen engineering discipline. The programs emphasize both theoretical knowledge and practical skills, ensuring that graduates are well-equipped to meet the challenges of the industry. These programs provide advanced knowledge and research opportunities, enabling students to develop expertise in specific areas.

## ABOUT THE CONFERENCE (ICETISD-2025)

The **2<sup>nd</sup> International Conference on Engineering and Technological Innovation for Sustainable Development (ICETISD-2025)** at Poornima University, Jaipur, is dedicated to the exploration and discussion of pioneering engineering and technological solutions aimed at sustainable development. This conference serves as a vibrant platform for experts, researchers, and practitioners from around the world to convene, share, and collaboratively forge new paths in engineering technology. Our theme emphasizes the critical role of interdisciplinary knowledge and innovation in addressing the complex challenges of sustainability. We aim to foster an environment where cutting-edge research and development activities are showcased, driving the growth of engineering technologies that respond effectively to societal needs. The conference is committed to promoting excellence in scientific knowledge and innovation across the fields of science, engineering, and related disciplines, with a particular focus on motivating young researchers. Through this gathering, **ICETISD-2025** endeavours to catalyze transformative ideas and solutions that are not only technologically advanced but also environmentally responsible, economically feasible, and socially equitable, thereby contributing significantly to the global pursuit of sustainable development.

## ICETISD-2024 (Sponsored by SERB)

The **1<sup>st</sup> International Conference on Engineering and Technological Innovation for Sustainable Development (ICETISD-2024)** sponsored by SERB was organized on April 25-27, 2024. ICETISD-2024 was focused on Engineering Innovations for Sustainable Development. The conference provided platform to published the papers in various reputed Journals & ISBN Conference Proceeding.
