

About NIT HAMIRPUR

National Institute of Technology Hamirpur is one of the thirty-one NITs of the country, which came into existence on 7th August 1986 as Regional Engineering College, a joint and cooperative enterprise of the Govt. of India and Govt. of Himachal Pradesh. On 26th June 2002, REC Hamirpur was awarded the status of Deemed University and upgraded to National Institute of Technology. The goals of the Institute as embodied in logo are truly remarkable in their scope and vision. The Institute offers Bachelor, Master and Doctoral programmes in Engineering, Sciences, Architecture, Management and Humanities.

About Dept. of Mechanical

The Department of Mechanical Engineering came into its existence right from the inception of the then Regional Engineering College Hamirpur (now National Institute of Technology Hamirpur) in the year 1986 and served as catering department to other disciplines.

The Department of Mechanical Engineering has evolved into one of the finest in terms of teaching curriculum and methodology supported by a well-organized and adequately funded research program. The Department has a very well-established B. Tech program complemented by three M. Tech. programs in Design, Thermal, and Manufacturing.

Sponsor/ Finance by

- NIT HAMIRPUR
- SJVN Ltd

Targeted Participants

The workshop targets faculty members from educational institutes, research scholars, UG/PG/PhD students, and employees from the industries.

Workshop Highlight

A certificate will be provided to all participants upon successful completion of the workshop.

ARET-2025 Vision & Mission

- To explore advanced renewable energy technologies and their applications towards sustainability.
- The programme aims to address the growing need for advancements in renewable energy technologies. It will provide participants with insights into cutting-edge research, practical applications, and future trends in the field. By attending, participants will enhance their knowledge, network with experts, and gain a comprehensive understanding of sustainable energy solutions.

Our Experts
