CPTED CONFERENCE 2024

Organised by NIT Hamirpur and ISAC

ISAC

NATIONAL INSTITUTE OF TECHNOLOGY HAMIRPUR (H.P.)
उद्यमेन हि सिद्ध्यन्ति कार्याणि न मनोरथैः

CPTED, or Crime Prevention through Environmental Design is a proactive approach of reducing crime by environmental design that discourages criminal behaviour and enhances the perception of safety. In this conference, we aim to shed light on the importance of implementing CPTED principles in buildings along with all the features required to make the digital safe. This will be the combination of Digital and Physical and is called Phygital.
