

Microprocessor/Microcontroller Architecture & Interfacing Lab

This lab consists of various types of microprocessor and microcontroller kits such as 8085 microprocessor kit, 8086 microprocessor kit and 8051 microcontroller kits along with interfacing modules.

<i>OIC Name: Dr. Veena Sharma</i>	
<i>Technician: Sh. Joginder Singh (Sr. Tech. Assistant SG-II)</i>	
Equipment Details	
Hardware	Qty
8085 Microprocessor, 8086 Microprocessor and 8051 Microcontroller kits, Analog to Digital convertor, Digital to Analog convertor, Stepper motor interfacing modules etc.	40
